A highlight when being on Gran Canaria is certainly the sunset in the mountains where you can see the volcano Teide on Tenerife across the sea of clouds in a distance of 120 km(!). A beautiful alternative to the sunset in the dunes.

To enjoy this view and drink a beer or glass of cava in nice company – this is truly a memory that will last very long and that you will receive as a photo, too.

- Transportation from/to your Hotel
- Sunset-Photo
- Sundowner-Drink
